

Collin-Fannin County Medical Society

Collin-Fannin County Medical Society enthusiastically supports and endorses our Immediate Past President, Carrie de Moor, MD, FACEP, for re-election to the TMA Board of Trustees!

Colleagues-

The Collin-Fannin County Medical Society (CFCMS) is proud to support our Immediate Past President, Carrie de Moor, MD, FACEP, for the TMA Board of Trustees Member at Large.

The Collin-Fannin County Medical Society, the Young Physicians of the Texas Medical Association and the TMA Board of Trustees itself have all entrusted Dr. de Moor as a leader. First, as a CMS Board Member, then a President, next as a section leader for 3 years and currently as a member of the TMA Board of Trustees as a Young Physician representative. Dr. de Moor has proven her ability to engage fellow physicians, both young and old, as an advocate for the future of Medicine and has lead our CMS through times of unprecedented change and growth. She is an unwavering advocate for the independent practice of medicine and patients. She has been recognized in our community as a leader, not only in medicine, but in the business community as well, - receiving both the Dallas Business Journal Women in Business Award in 2017 and the Dallas Business Journal 40 Under 40 Award in 2018. Dr. de Moor understands the struggles that independent physicians face daily with practice viability concerns such as increasingly burdensome regulations and bad payor behavior, and she is not afraid to ask the tough questions and to stand up on behalf of her fellow physicians and patients.

Dr. de Moor graduated in 2005 from Texas Tech University Health Science Center in Lubbock, Texas. She completed an internship in Pediatrics at UTMB- Galveston before entering her Emergency Medicine Residency at Texas Tech University Health Science Center in El Paso, where she graduated as Chief Resident in 2009. She is Board Certified by the American Board of Emergency Medicine and practices clinical medicine full time while also acting as the Chief Executive Officer and Managing Partner for her large group practice in throughout North Central and South Texas.

Throughout her career, Dr. de Moor has been a bold leader and a fierce advocate for the independent practice of medicine. She has previously served the Texas College of Emergency Physicians on the Board of Directors from 2012-2015 including as Secretary of the College and Councillor to the American College of Emergency Physicians Council for the past 9 years. She currently serves as President of the ACEP Freestanding Emergency Centers Section and Secretary of the American Association of Women Emergency Physicians.

We ask and strongly encourage the TMA House of Delegates to support Dr. Carrie de Moor, MD, FACEP for the TMA Board of Trustees at TEXMED 2018 in San Antonio. She will fight for all of us.
